We are pleased to advise you that your firm meets the eligibility criteria as set forth by U.S. Department of Transportation Disadvantaged Business Enterprise regulations codified at 49 CFR Part 26 and has been CERTIFIED as a Disadvantaged Business Enterprise (DBE) by the Metropolitan Transportation Authority (MTA) Office of Civil Rights, Division of Business Programs. Your firm is certified as a DBE providing the services listed below:

SOLID AND CONTAMINATED WASTE COLLECTION

Your business is eligible to participate as a DBE on MTAHQ, MTA New York City Transit, MTA Long Island Rail Road, MTA Metro North Railroad, MTA Long Island Bus and MTA Bridges and Tunnels federally assisted projects in the business areas listed above without further certification review. In addition, your firm will be identified as a certified firm in our next update of the MTA Directory of Certified Firms.

Your firm's certification status with the MTA is effective for three years from the date of this letter, provided there are no changes in the ownership, control and/or operations of the firm or eligibility requirements during the approval period. However, you are required to submit, annually, on the anniversary date of this notice, a sworn notarized affidavit affirming whether there have been any changes in your firm's economic disadvantaged status, ownership or control. Additionally, please be advised that you must immediately notify the MTA Office of Civil Rights, Division of Business Programs, of any changes in your business ownership, control and/or operations, including business services and capabilities.
